## **DETAILED ACTION**

### ***Drawings***

1. The substitute drawing filed January 6, 2005 is objected to under 35 U.S.C. 132 as containing new matter. Although the specification mentions a “foldable triangular stand” (paragraph [0006]), there are many such stands, and the selection of the specific stand now illustrated constitutes new matter.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 25, 27, 39 and 43-48 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 25, 27 and 43, the recitation that “the second ply include[s] integrally formed first and second tabs adapted to fixedly engage a back surface of the flexible substrate” is misdescriptive. According to Applicant’s remarks, the second tab is “closure tab 76”. But according to the specification, “the closure tab 76 is folded along the foldline 78 to engage the first ply 36.” (Paragraph [0014]). Thus, the second tab engages the first ply, not the back surface of the flexible substrate, as recited in the claim.

Regarding claim 25, there is no antecedent basis for “the first surface” (line 10).

Claim 39 has been misnumbered as “38”.

### ***Allowable Subject Matter***

4. Claims 28-38 and 40-42 are allowed.

Art Unit: 3611

5. Claims 25, 27 and 43-48 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

6. Claim 39 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

### *Conclusion*

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
